The following special measures will be taken **for this entrance exam only** regarding applications, etc. for the winter admission above.

Applicants must personally contact the office of their educational institutes ahead of time. If the office requires postage fees or an envelope for sending documents directly, please consult with them.

Note that if the originals have not arrived by the day before each exam date, or the submitted documents are incomplete, the candidate will be treated as not being qualified to apply, so applicants must ensure they contact their educational institute in plenty of time.

- Certificate of graduation or Certificate of expected graduation (*Including when the academic transcript is included)

(2) If the originals cannot be submitted by the deadline due to postal conditions, the issuing authority suspending business, or other reasons attributable to the spread of the COVID-19 infection, copies may be submitted with the application on the understanding that the originals must be received by YNU by the day before each exam date. In this case, write “Copy” in the column with the asterisk (※) for the relevant documents in the Documents to Submit Check List (Form 0).

(3) Restrictions on entry to YNU grounds have been extended due to the ongoing effects of the spread of the COVID-19 infection, so graduates (and prospective graduates) from YNU’s College of Urban Sciences, College of Engineering Science, and College of Education (Faculty of Education and Human
