## 1. Introduction

Yokohama National University's Graduate School of Urban Innovation offers applicants living outside Japan the opportunity to take the entrance examination for its doctoral program without coming to Japan. We are currently seeking students for matriculation in October of 2025.

If you wish to apply for enrollment, please read these guidelines carefully, make sure that you accurately understand the necessary information, and then correctly carry out the application procedures.

This graduate school is composed of four fields, and the number of applicants that can be accepted in each field is different. Therefore, applicants should find the field in which they want to major, consult with the academic advisor in charge of that field, and then proceed with the application. Moreover, classes in this graduate school are as a rule conducted in Japanese, but some of our faculty members are able to provide academic supervision in English, so please check with the academic advisor in charge of your preferred field about the level of Japanese proficiency required.

You may contact the faculty member in charge of academic affairs in the department/course to which you intend to apply. You may send your inquiries by e-mail in either Japanese or English.

<https://www.gakuseisupport.ynu.ac.jp/>

## **11. Procedures for Coming to Japan Following Notification of Acceptance**

The following procedures are necessary before coming to Japan.

### **(1) Obtaining a Passport**

A passport is something issued by the government of one's country. Without a passport a person cannot leave or enter a country. If you are obtaining a passport for the first time, you may need a certificate of enrollment or test-taking, and it may take some time to receive the passport. Please check the situation before applying for a passport. In case you need a certificate, please ask for one when applying for admission.

### **(2) Obtaining a Visa**

The residence status of foreign students at this university is "student". When you first enter the country for the purpose of study at this university, it is absolutely necessary that you do so with a "student" visa. You can obtain a "student" visa by submitting, to your local Japanese consulate or legation, a Certificate of Eligibility for Residence in Japan, issued by Japan's Immigration Bureau. This certificate can be applied for only by 1) a parent or sibling living in Japan, 2) a scholarship provider, or 3) an academic advisor.

Changing from another visa status (except for "family stay") to "student" requires an extremely complicated procedure, and the change may not be allowed, so please obtain a "student" visa before entering the country. Students who have a different type of visa will not be regarded as foreign students and will thus be unable to apply for foreign student scholarships or obtain services intended for foreign students.

### **(3) Securing a Residence**

Through an agent or another foreign student from your country who is living in Japan, please arrange for a residence where you can live once you come to Japan. In this connection, please visit the following websites.

<https://www.ynu.ac.jp/english/student/#housing/>

## **12. Points to Heed**

- (1) The documents submitted in the application procedures cannot be changed after the procedures are completed.
- (2) Your application documents will not be accepted if required information has been omitted from them or if they contain other deficiencies.
- (3) The examination fee will not be refunded once the application procedure is completed, except for the following circumstances:
  - Where the payment was made, but the application was not made (either by non-submission of the application materials or by non-acceptance of the materials).
  - Where double payment of the fee was made.

\*The applicant is responsible for returning the money to the account of a financial institution outside of Japan.

If you want to get a refund of the fee, contact Office of Academic Affairs by email ([ses.daigakuin-urb@ynu.ac.jp](mailto:ses.daigakuin-urb@ynu.ac.jp)).
- (4) After the enrollment procedures, the enrollment fee will not be refunded for any reason.
- (5) To obtain “student” residence status, you must be able to demonstrate that you possess the economic resources to support your daily life as a foreign student in Japan.

## **13. National Security-Related Export Controls**

Yokohama National University has instituted its own rules for national security-related export controls based on the Foreign Exchange and Foreign Trade Act and rigorously screens the admission of international students to control the transfer of goods obtained in Japan to other countries, provision of technology, and exchange of personnel. Any international students subject to export control regulations may have restrictions placed on their chosen research activities, or may be ineligible to receive education at the University. Prospective students should therefore consult their proposed academic advisor before submitting their application, or take other precautionary measures when applying to study at the University. All students are required to sign a pledge to comply with the "Foreign Exchange and Foreign Trade Law" at the time of admission.

## **14. Handling of Personal Information**

Personal information will be handled in accordance with the “Act on the Protection of Personal Information” and “Rules on the Protection of Personal Information held by Yokohama National University”.

- (1) The applicants' performance on admission examinations, the personal information stated in their applications, and their other documents will be used for the following purposes in addition to those related to the selection of applicants to our university.

- ①Contact work for successful applicants (sending welfare-related materials related to scholarships, insurance, etc., materials regarding post-admission events, etc., sending co-op materials) and admission procedure work.
- ②Class formation after admission, admission fee exemption upon application by the applicant (excluding international students), and welfare-related materials such as tuition fee exemption, etc.
- ③Academic affairs work after admission (student registration management, academic guidance, etc.)
- ④Public relations, various surveys, and research at our university (including research and analysis for admission selection methods and university education improvement)
- ⑤Personal information of new students may be provided to the Alumni Association, and Alumni Association which are affiliated organizations of the University, to the extent necessary for membership procedures.

※Any results of the above-mentioned studies and research will be handled so that individuals cannot be identified.

※Personal information will be used or provided in no other ways.

- (2) When using personal information for the various operations in (1) above, some of the operations may be performed by a company outsourced by the university (herein after referred to as a “contractor”).

We will provide the contractor with all or part of the personal information we have gotten to the extent necessary to carry out the commissioned work.

## **15. Use of ChatGPT and Other Generative AI Tools**

We are urging our students to take note of the precautions concerning the use of generative AI tools including ChatGPT. Regarding the documents necessary for our entrance examination, please prepare and submit them based on the following reminder. In addition, international students must abide by their national and regional policies, laws, and regulations as required.

### **【Reminder】**

- Information entered into generative AIs could be used for AI learning or leaked to unintended parties. Furthermore, the source of the information obtained from generative AIs is not clear and may contain fabricated data, biased views, or ethically problematic expressions.
- Regarding an application form and other necessary documents, please prepare them in accordance with our Admission Policy and submit them at your own responsibility, ensuring that no wrongdoing is being committed and that no discrepancies in academic skills are suspected after admission.

## **16. Global Doctoral Program for Academic Career Support (GDACS)**

The Global Doctoral Program for Academic Career Support (GDACS) is a doctoral

program for faculty members of universities in emerging nations. The long-term objective of this program is to contribute to the improvement of the quality of education and research at partner and other institutions and to the promotion of joint research with YNU by providing opportunities for their faculty members and researchers to study abroad and earn a doctoral degree.

Applicants do not need to pay an application fee. Successful applicants are exempt from admission and tuition fees.

Applicants should submit the following documents after confirming their eligibility.

1. Letter of recommendation from the applicant's current institution (Form 1)
2. Letter of recommendation from the academic advisor at YNU (Form 2)

For more details, please refer to the YNU website below. Application forms can also be downloaded from the website.
