

Application for check grades offered Graduate School of Urban Innovation

For subjects offered by Graduate School of Urban Innovation, you may confirm your grades (Grade Correction Request) by understanding the purpose of grade confirmation as set out below.

<Purpose of grade confirmation>

”Grade confirmation” is used for confirmation from the faculty if there are any mistakes in transcription or grading of grades when you are suspicious that there is a discrepancy or inconsistency between the Grade Evaluations and the Evaluations Criteria listed in the syllabus, etc. We will not accept any groundless requests or requests for less grading because it affects your completion.

For subjects offered by other graduate schools, please follow the instructions and bulletin boards by each affairs office.
