

Please select one (1) primary keyword from the list below. The primary keyword helps to categorize your news release and improves users' ability to find your release when browsing and searching on EurekAlert!.

Agriculture  
Archaeology  
Atmospheric Science  
Biology  
Business/Economics  
Chemistry/Physics/Materials Sciences  
Earth Science  
Education  
Mathematics/Statistics  
Medicine/Health  
Policy/Ethics  
Social/Behavioral Science  
Space/Planetary Science  
Technology/Engineering/Computer Science

You may select up to nine (9) keywords in addition to your selected primary keyword.
